About this website:

Also known as “The New York Health Benefit Exchange,” this website offers information for individuals, families, and small businesses in NYS and is “designed to help people shop for and enroll in health insurance coverage. Individuals, families and small businesses will be able to use the Exchange to help them compare commercial insurance options, calculate costs and select coverage online, in person, over the phone or by mail. The Exchange will also help people to check their eligibility for health care programs like Medicaid and sign up for these programs if they are eligible. The Exchange will also be able to tell what type of financial assistance is available to applicants to help them afford health insurance purchased through the Exchange. Insurance coverage can be purchased through NY State of Health.”
