June 2022 Nonfiction Titles

The Rise and Reign of the Mammals

by Steve Brusatte

“A renowned paleontologist and New York Times best-selling author, charting the extraordinary story of the dinosaurs’ successor—mammals, entwines the detective work he and other scientists have done to piece together our understanding of fossil clues and cutting-edge technology.”

Under the Skin

by Linda Villarosa

“Drawing on real-life human stories, and offering incontrovertible proof, this dramatic, tragic and necessary book lays bare the forces in the American healthcare system and in American society that cause Black people to “live sicker and die quicker” compared to their white counterparts.”
